MEMORANDUM FOR: Mr. Edward R. Saunders

SUBJECT : Ceiling and Position Authorization

Ed:

On balance I believe it best that we not take exception to the two ceiling positions in question. While I recognize the validity of your claim for these positions, there is also justification for giving them to DD/P. The decision to discontinue them was made sometime ago when the old system was still in effect and the positions were a part of the DD/P ceiling. Claiming the positions now solely on the grounds that they were in existence at the time the new system was implemented could place us in the position of being overly technical. Furthermore, this would require raising the whole flexible T/O and ceiling question all over again with Dick Bissell which I would not like to do at this time.
